

ROBOTIC Palletizing

By reducing labor and simplifying operations, you will see your bottom line increase while increasing safety and minimizing product loss.

From simple, standard solutions to complex palletizing environments, Schneider provides the appropriate approach to meet your rate and space goals. Degrees of automation can be achieved through integration with Schneider-built components like conveyors, shuttle carts and dispensers while also incorporating labelers, stretch wrappers and other equipment. Operator involvement is minimized through smart designs, saving on labor rates and boosting operational efficiency.

- ▶ Wide range of cell configurations to accommodate your floor space
- ▶ Multipurpose & product-specific end-of-arm tool
- ▶ Palletize cases, trays and much more

Our solutions have a rapid ROI and are:

- ▶ Affordable
- ▶ Efficient
- ▶ Flexible
- ▶ OptiStak ready
- ▶ Safe by design
 - ANSI/PMMI B155.1
 - RIA R15.06

ROBOTIC Palletizing

Why a Schneider Palletizer?

Over 45 years of product handling experience across many industries

Operations-Focused HMI & Machine

- ▶ Operator friendly interface makes using the machine simple
- ▶ Open design for ease of access for operators and maintenance personnel
- ▶ OptiStak allows you to build the best pattern for your pallets directly from the HMI

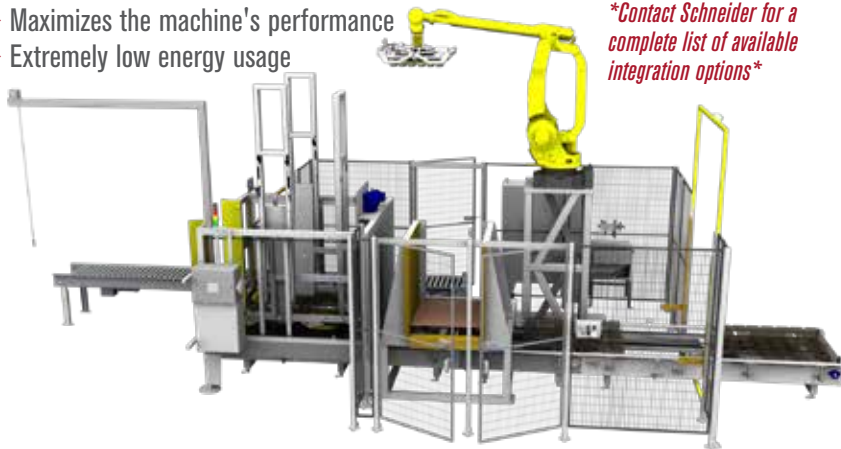

Robotic Credentials

- RIA-certified integrator
- FANUC-certified servicing integrator/vision specialist
- Machine builder in the Rockwell Automation Partner Network
- ▶ Deep understanding of a multitude of product types
- ▶ Field proven solutions for your lines
- ▶ Flexible design
 - Multiple options for configurations based on your plant layout

FANUC Robotic Integration

- ▶ Variable speed options to meet the demands of your line
- ▶ Reliability of FANUC robotics, the gold standard in the industry
- ▶ Minimizes the number of wearable parts
- ▶ Lowers overall maintenance costs
- ▶ Maximizes the machine's performance
- ▶ Extremely low energy usage

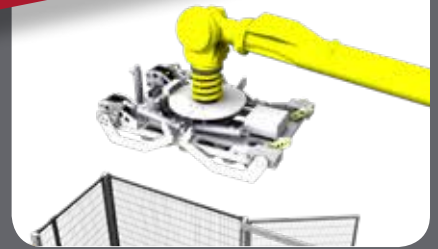

Contact Schneider for a complete list of available integration options

Other Schneider End-of-Line Solutions:

- ▶ Horizontal/Vertical Case Packers
- ▶ Multi-Line Systems
- ▶ Case Sealers
- ▶ Robotic Case Packers
- ▶ Case Erectors
- ▶ Ancillary Equipment
